

# **Land Management & Acquisition Committee**

## **April 14, 2014**

### **AGENDA**

#### Item #1: Trailhead Signage

From time to time we need to post signs at trailheads regarding hunting season, trail closings, etc. Bob will bring some examples of signs that could be used for this purpose that would be more permanent than the laminated paper we use now.

#### Item #2: Forester

For a variety of reasons, it's time to look for a new forester. What criteria do we want a new person to meet? What would the interview / selection process look like?

#### Item #3: Recreational Trails Grant

The grant cycle for this program will start in the next couple of months. What would our next trail grant propose to accomplish?

#### Item #4: Updates

- Tree Growth meeting
- River Point bridge
- LMF grant
- Finance plan
- Falmouth Conservation Corps upcoming work
