Item #1: Approval of the 6 Jan 15 Minutes

Item #2: Subdivision Requirements Related to Open Space & Their Enforcement

Ethan Croce will join us to discuss this issue.

Item #3: Open Space Rating Guide Revision

Our open space rating guide is due for a revision, particularly to include the Comp Plan priority for rural areas. Also the answer to this question: is the Comp Plan a new criterion or should it be incorporated in to the existing Falmouth Priorities category? *Existing version attached.*

What modifications should be made to the draft 2014 LMAC Annual Report to the Council? *Draft #2 attached.*
