

Land Management & Acquisition Committee

August 11, 2015

AGENDA

Mason-Motz Activity Center-8:00-9:30am

Item #1: Approval of the June Minutes

Item #2: Encroachment issues on town-owned land by abutters.

There have been several incidents where abutters have encroached on town own properties but cutting trees, dumping yard waste, building trails, etc. Should LMAC try to deal with this, and if so how?

Item #3: Re-examining Our Policies Regarding Pets on Town Conservation Properties.

Issues with owners who disregard basic rules regarding their pets on town property are ongoing (i.e. – waste cleanup, leashes, etc.). Now that we know what the experience of neighboring towns has been regarding this issue, is it time we did more to ameliorate these problems? And if so, how?

Item #4: Acquisition Budget

The town has no more money for acquisitions in this fiscal year, either from budgeted funds or reserve sources, yet new acquisition possibilities exist. What recommendation(s) does LMAC wish to make regarding this situation?

Item #5: Executive Session to Consider a Possible Land Purchase

Item #6: Updates

- NCF property additions
- WRCF enhanced accessibility trail work
- Hadlock lot sale
- Invasives
