

## February 7, 2019 REAC Minutes

- Review minutes from November and January minutes approved unanimously
- Standing REAC meeting discussions, first Thursday night of the month with 5:30pm start is going to work well with everyone
  - Discussion of the work that the Waste Reduction Subcommittee meeting is doing involving research for proposals on bans on plastic shopping bags, Styrofoam, and plastic drinking straws
  - Contamination plan with summer interns TBD; Kimberly will report back. Discussion on in the meantime outreach regarding bagging recycling
- Discussion of solar and meeting with CES on Tuesday, February 12<sup>th</sup> at 9:00am. Kimberly will be contacting the new staff at DEP on the landfill permit side of things.
- New Commercial Building Discussion. Dave Low drafted a letter on behalf of the committee in light of the Falmouth Center project, which may be off the table, but the group thinks this is a good template. Dave is going to rework this and distribute to the group.

Adjourned 7:10pm
