FALMOUTH300 PARTNERSHIP INFORMATION

The Town of Falmouth and community partners are planning a year-long, town-wide commemoration of Falmouth's rich 300 year history. Falmouth's commemoration will be comprised of a series of events and activities throughout 2018 showcasing the strong ties between the Town, its residents, schools, businesses, service organizations, and social and cultural institutions.

We are broadly seeking partners who are interested in getting involved by planning events, activities or initiatives, designing and selling products, or making a donation tied to the Tercentennial. Each partner will know best how they can commemorate this moment in our community's long history.

We encourage Falmouth300 Partners to propose events and activities that will showcase all our community has to offer to residents and visitors, and in doing so, will honor the past, celebrate the present, and invest in the future. Organizing and hosting such endeavors will not only honor an historic event in our town's history, but also promote civic pride, community spirit, and economic impact.
