Falmouth Fire-EMS Hosts Annual Open House

On Saturday October 15th the Falmouth Fire-EMS will host their annual Open House. The Open House coincides with National Fire Prevention Week and caps off a week of fire prevention presentations at various schools and daycare centers in Falmouth. This year's theme is "Protect Your Family from Fire". Some key tips for families are to have an escape plan, have a meeting place outside the house in case of emergency and also to test your smoke detectors monthly. It is important the children of all ages know what to do when the smoke detector sounds. Firefighters will be on hand at the Open House to answer any questions about fire safety.

This year Falmouth Fire-EMS is teaming up with Falmouth Community Programs to add a Touch-A-Truck event at the Open House. In addition to the fire trucks and ambulances, children will be able to see and climb up on various other trucks and equipment including an 18-wheeler and large excavator.

The Open House / Touch-A-Truck event will be held on Saturday October 15th from 9 a.m. to 12 p.m. at the Falmouth Central Fire Station located at 8 Bucknam Road and is free to the public. Refreshments will be served and there will be a raffle of a teddy bear to a lucky child!

End of release.
