

STORM DRAIN CONNECTION AGREEMENT

This Agreement entered into this date, _____, by and between
_____, owner(s) of property located at
_____, and the Town of Falmouth, Maine
(herinafter referred to as "Town").

WHEREAS, Owner wishes to use storm drains owned and maintained by the
Town for purposes of **unpolluted** storm water and drainage; and

WHEREAS, the Town is willing to allow the installation of the connection for
said drainage purposes into the Town storm drain system.

NOW, Therefore, and in consideration of the mutual covenants contained herein,
it is agreed as follows:

1. Owner may connect with the Town storm drain for the purposes of
discharging into said drain , storm water, ground water and other
unpolluted drainage as follows: [here, list the source of drainage—i.e.,
basement drainage, roof drainage, etc.]

2. Owner acknowledges that by connecting with said storm drain, there may
be occasions when, due to conditions beyond the control of the Town,
there will be a backup in said storm drain system which may cause
flooding and/or other damage to property of Owner. Owner understands
that this could occur and agrees to accept the risk of any damages which
may be occasioned by such backup, regardless of the cause of said backup.

3. This Agreement shall be binding upon Owner, together with Owner's
heirs, successors and assigns forever.

Dated at Falmouth, Maine on the year and date first above written.
