

4th Falmouth Business Forum

Please join us to explore and learn about STEM!

Tuesday, February 12, 2019 | 12:30 - 1:30 pm
Falmouth High School Library

Featuring a panel discussion about the importance of education in Science, Technology, Engineering and Mathematics (STEM) towards workforce development, the ongoing STEM efforts by Falmouth High School (FHS), and ways students and area businesses are engaging in and out of the classroom.

Panelists Include:

Will Van Winkler, Falmouth High School (FHS) Senior
John Kraljic, FHS Technology Teacher and Robotics Coach
Andrew Hyland, Port City Architecture Principal, AIA, LEED-AP
Kevin Mahoney, Casco Systems LLC (TBC)

Beverages and Snacks Provided
