HLLT welcomes input from the public - at its meetings or via e-mail - to Kimberly Darling, Energy and Sustainability Coordinator kdarling@falmouthme.org

Note: All e-mail communications are public information. Thank you for your interest.

1. Establish Quorum
2. Review of Draft Minutes of September 17, 2019 Meeting
3. Public Comment
4. Update from Education & Outreach Committee—Nancy Lightbody
5. Update on Water Quality—Rosie Hartzler and Jeff Dennis
6. Technical Advisory Committee Update—Heather Hunt and Kim White
7. Progress Report on Priority Sites—Kim White and Rosie Hartzler
8. Alewife Egress Effort—Dennis Brown
9. Set Date and Agenda for Next Meeting
10. Adjourn

The responsibilities of the HLLT are as follows: 1. To assist with the implementation of, and recommend, if necessary and appropriate, updates to the 1999 Highland Lake Watershed Management Plan, 2003 Phosphorus Control Action Plan, and 2005 Highland Lake Watershed Management Plan; 2. To monitor, assist, and coordinate, as deemed appropriate and necessary, scientific efforts to further understanding of watershed and water quality issues affecting Highland Lake. 3. To seek input and recommendations from experts and other stakeholders such as: Cumberland County Soil & Water Conservation District, Maine Department of Environmental Protection, Maine Department of Inland Fisheries and Wildlife, local experts, the general public and other and other stakeholders. 4. To report on its progress and identify any resource needs to the governing bodies of the respective members of the Team. 5. To review existing zoning and ordinance in the two towns for effectiveness in protecting the lake, modify as appropriate and research lake protections utilized by other towns for consideration in Falmouth and Windham.
