1	The parcel is valuable open space and could add a lot to the community. Underwood park is a wonderful facility and adds to the community and I suspect also to property values in the area. It would be great to see Underwood Park maintained and enhanced to include this additional property. This property could host a community garden, event space or enhanced playground facilities. When we moved to the area 10 years ago, Underwood Park was one of the selling points of the area. Young parents, families, friends, kids all use this area as a place to gather, play and socialize. Modest improvements to the playground, the addition of a community garden, an open area that could be rented for events could all enhance the value of this public land to the community. It is a unique space that helps define the character of the area. It would be a shame to turn the additional property into a parking lot.	2/5/2017 9:49 PM
2	Retain it for extra parking for Town Landing	2/5/2017 9:22 PM
3	Integrate it with Underwood Park and use a small portion for additional parking.	2/4/2017 9:47 PM
4	Use as additional park but retain it quasi-separately for future unanticipated use.	2/2/2017 4:24 PM
5	I lived in that area for over 35 years. That is such a built up section of the town that it needs access to amenities for a variety of ages	2/2/2017 10:44 AM

10	I like the idea of selling the front portion of the lot for a home, adding parking to the front of the existing park and using the rear of the parcel for additional play area	1/26/2017 4:14 PM
11	enough for two building lots	1/26/2017 9:35 AM
12	retain the parcel. I don't know the best use now but believe the town is best served by keeping the parcel and taking the time, even if that means years, to determine the best use. In the meantime, it has temporary benefits such as parking and additional playground space.	1/26/2017 7:12 AM
13	or alternatively sell the front acre as house lot and retain the rest to be added to the Underwood Park.	1/25/2017 2:59 PM

16	My husband and I are interested in using the space for a community garden. We conducted a poll on the website Nextdoor (which has people only from our general neighborhood as members)- 37 people responded. Here are the results which show that there is neighborhood support for the land to be used for a community garden: "Are you interested in a community garden? I am interested and would like to add my name to a letter to the town council ": 59% "I am interested in a community garden": 32% "I am not interested in a community garden" 8%	1/24/2017 7:20 PM

22	I am originally from Falmouth, and hope you will keep this area a part of the park. Falmouth has built up so much of its properties it hurts me to visit my family and see how congested it has become.	1/20/2017 11:05 AM

28	Parking is needed for people who have boats moored at the Falmouth Town Landing whether they live in Falmouth or not.	1/18/2017 10:18 AM
29	It was bought with funds intended to extend or modify town landing property. Selling it for private development only benefits those with the deepest of pockets. The town has a history of "giving away" properties, Lunt, Plummer Motz, the old outdoor rink, don't add to the list.	1/18/2017 8:39 AM
30	parking	1/18/2017 8:23 AM
31	create new (seriously needed) parking for town landing and possibly integrate with underwood park	1/17/2017 8:16 PM
32	I'm confused. The Brown property was purchased because 10 years ago there was a problem with parking at Town Landing because of the number of boats in the water there, so to alleviate the parking strain the number of mooring permits given out each year was dropped by a couple of hundred and now there is around a three year waiting list to get a mooring permit at Town Landing. The Town has the space (Brown Property) to handle additional parking needs but refuses to transform this property that was purchased for this reason to do so. In my opinion because of a very few neighbors don't want a Parking area next to them that would benefit the greater good of the Town	1/17/2017 7:19 PM
33	Keep the woods and trails. Please don't develop!	1/17/2017 6:33 PM
34	Falmouth is not the suburb os Portland and so leave the piece of land and integrate it. As far as the town landing goes there should be room for swimming and no lobster or fishing floats in the water. Unless it has changed for I used to enjoy swimming there but then there are also too many boats close to the shore. I have found the parking up on top ample except on holidays and then also it helps when people park correctly.	1/17/2017 3:16 PM
35	Keep , add indoor swimming pool	1/17/2017 1:40 PM

52	Maybe use some of it for the park but more of it for parking for the town landing.	1/16/2017 12:34 PM
53	Sell the rear 2 acres for development, keep the front for parking if needed.	1/16/2017 12:14 PM
54	Develop it for parking for Town Landing. This will allow the TL to be a more efficient access point for the harbor.	1/16/2017 12:11 PM
55	I think this parcel should be integrated with Underwood Park. I'd like to see a tennis/basketball court and perhaps a skating rink in the winter. Presently, there's nothing like this on this side of town.	1/16/2017 12:07 PM
56	Once this land is gone, its gone. Save for future generations as a park, parking, whatever. When my kids were young they played soccer, frisbee, lacrosse, baseball in Underwood Park. Again. PLEASE save for future generations.	1/16/2017 12:01 PM
57	Sell to holy martyrs if they're interested - if not, sell the whole parcel	1/16/2017 12:01 PM
58	The Foreside neighborhood would greatly benefit from an expanded playground. There are many families in the area and only one small playground structure at Underwood Park. Additional equipment would make the park a resource and gathering place for the neighborhood.	1/16/2017 11:31 AM
59	As a member of the council at the time the property was acquired, the agreement was to seel the property when the real estate market recovered so it could become taxable property once again.	1/16/2017 10:11 AM
60	create parking for town landing	1/16/2017 8:21 AM
61	Retain the parcel and integrate it with the adjacent Underwood Park, with parking spaces available for the park or as spillover parking for Town Landing	1/16/2017 7:57 AM
62	As Falmouth continues to grow with new houses being built even along Foreside Rd and Town Landing, open space free from development becomes more precious. When I moved to Johnson Rd. 37 years ago my backyard included open space to Cumberland and beyond - and woods, ponds and old paths from Johnson Rd to Falmouth Preserve. Now I have neighbors in my backyard and only through agreements with landowners (think Joan Solari) can we walk / jog / explore to the Falmouth Preserve. Just as we benefit as a town of people from the open space in West Falmouth we can benefit from as much open space a possible on the eastern side of town. At one time there was talk of creating a community garden as part of the property - that would add so much to a sense of place and belonging. Plus it would be beautiful as well as provide food. It seems to me our town does not need the money generated by the sale of the property as it needs to create beauty, sense of place and a way for all residents to find joy and peace with one another.	1/16/2017 7:56 AM
63	Generate tax money from new homes to be built, at least two, to help with rising costs of town services and steadily increasing taxes in Falmouth.	1/16/2017 7:43 AM
64	Develop the park! This needs to be a place for neighborhood children to play.	1/15/2017 9:08 PM
65	Create a bike park	1/15/2017 7:43 PM

68	I lived in cumberland one mile from Town Landing and now in Applegate. during all that time and continuing we have had boats in the mooring field. I also walk the area including Underwood Park with our dogs atlas three times a day. Having the property be a Town Park is very important to us. As a boater we have seen multiple time when using the Park for overflow parking would serve Handy Boat and the Portland Yacht Club on those days were popular boat races impact the ForeSides available parking spaces. In times past we have see races with over a hundred boats plus crew. Parking on the grass those few times would be a great help. Portland Yacht Club uses it's grass field on such occasions with out great harm to the lawn.	1/15/2017 1:53 PM
69	This is a great opportunity to increase community and expand the existing park. The Foreside area does not have a good community park or gathering space. If the area becomes more walkable ti would be good to have a destination for residents.	1/15/2017 11:29 AM
70	Sell the land for development on the contingency the developer provides no less than 10 offer street parking spaces for seasonal public use	1/15/2017 11:06 AM
71	retain rights to 10 parking spaces	1/15/2017 9:23 AM
72	Sell and develop only the front portion along Foreside Road (the section that is today an open field). The remaining back, wooded portion should be merged with Underwood Park.	1/15/2017 8:59 AM
73	enough to allow a house house to be built in the front (near foreside road) and then merge the back with the underwood park property)	1/15/2017 8:46 AM
74	utilize a portion for summer prking overflow at town landing, grassy would be fine.	1/15/2017 5:10 AM
75	The 260 Foreside Rd. property makes the park a more regular shape and I can see more possibility for it being a community space. Perhaps there could be more parking across the front of the park, with recreation facilities beyond - swings, slides, a ball field, skating rink in the winter, etc.	1/14/2017 10:15 PM
76	use for parking	1/14/2017 10:14 PM
77	Would like to see tennis courts, pavilion for concerts, skating rink or basketball court	1/14/2017 7:42 PM
78	Provide parking and perhaps a tourist information booth during the summer. Could also off space for farmer's market and crafts people to sell their products.	1/14/2017 6:58 PM
79	retain the parcel, start a community garden and fenced dog run	1/14/2017 6:32 PM
80	I live near Town Landing. I think an enlarged park that serves the kids and adults in the area is a great use of the land.	1/14/2017 5:43 PM
81	I would love to see additional parking and a new (bigger) playground installed. It is somewhat of a "town common" where the town lacks one and already attracts a fair number of residents who enjoy the field, playground, and adjacent woods. Would be nice to make even more effort to attract even more families with expanded parking and playscape, benches, covered gazebo etc. the town could host local small musical events in summer.	1/14/2017 5:36 PM
82	Skate/scooter/ box park	1/14/2017 5:30 PM
83	The neighborhood desperately needs more safe places for kids to gather and play. We need that land for the community.	1/14/2017 5:07 PM
84	Underwood Park has the potential to be a uniting spot for our "community." It is currently under utilized.	1/14/2017 4:43 PM
85	Overflow car park for people using Town Landing, Town sticker required. Integrate rest into Underwood Park	1/14/2017 4:08 PM
86	Please don't develop it!! There are so many areas being developed in Falmouth. The town needs to be mindful about preserving green space, especially in that neighborhood. Underwood park, as simple as it is right now, is so loved and used by town members. I've been there many times when people from other towns have also stopped to enjoy the space. I'll be so sad to see it turned into a parking lot or used for other types of development.	1/14/2017 3:36 PM
87	Extend the park and include trees, paths, and if possible, a water fountain. Or a picnic area with shade. (This is input from my 9- and 11- year old kids too)	1/14/2017 3:02 PM
88	We need to keep this parcel -- This is unique open space in an otherwise very densely populated area.	1/14/2017 2:30 PM
89	Create a basketball court	1/14/2017 1:47 PM
90	Falmouth Foreside needs *more* public spaces, not less.	1/14/2017 1:37 PM

92	Parking to north side, screened from Foreside Rd., so balance integrated into Park.	1/14/2017 12:06 PM

94	Many students of the Falmouth-Cumberland-Yarmouth-N Yarmouth Community would greatly benefit from a youth center skate park. An outdoor structure similar to the Portland and Scarborough skate park. Bath has an indoor park	1/14/2017 9:40 AM
95	See the backfor development but maintain for parking	1/14/2017 9:13 AM
96	I feel very strongly we should take every opportunity to keep undeveloped land in its natural state (or as near as possible).	1/13/2017 12:40 PM
97	I am a summer resident only, but the park next to the property is used all the time in the summer and to expand it would be a benefit to the community.	1/13/2017 12:28 PM
98	Create more parking area so that more people have access to dinghy permit at the town landing.	1/13/2017 12:17 PM
99	1/2 park; 1/2 parking	1/13/2017 12:14 PM
100	public parking - self service fee - it would allow us to raise money and stop NON residents from parking down at town landing	1/13/2017 11:20 AM
101	BUILD A COMMUNITY POOL	1/13/2017 11:14 AM
102	Add Parking for Town use. Or increase the Park with more kid friendly games. Or Leaease a portion to the church for additonal parking and keep a portions. But under no conditions should it be sold.	1/13/2017 10:58 AM

113	sell with specification or preference for net zero or efficient housing. sell only what is necessary for one family home - 1800 SF??	1/13/2017 5:41 AM
114	Allow parking for families using the Town Landing area on this property as well as allowing use of it for sports and recreational activities.	1/13/2017 12:49 AM
115	I think expanding parking near the Town Landing is a good idea. I would be able to use the town landing more often if I could count on parking. I assume you don't need all of the parcel for parking, so incorporating it in the park would be great, but selling it to develop and pay for the parking lot would be fine depending on the development.	1/13/2017 12:27 AM
116	I think a futsal court would be great there.	1/12/2017 10:47 PM
117	Maybe use for overflow parking when/if needed by Portland Yacht Club or other local activities	1/12/2017 10:10 PM
118	My children have played in the park for the last 15 yrs. it should remain as part of the park.	1/12/2017 10:09 PM
119	I believe there is a serious need for more parking to facilitate the access to public moorings for Falmouth residence.	1/12/2017 9:50 PM
120	I think it's very important that the town have lots of parks & trails. The town has plenty of opportunity for commercial development. I think adding to the public experience in the Town Landing area is a great opportunity.	1/12/2017 9:19 PM

146	I like the idea of integrating it with Underwood Park, but i believe more town landing parking would also be nice. as a resident, i would love to be able to go to a beach in my town, but after 7 years still have not been able to, since parking is so limited and boat trailers take up most of the spaces.	1/12/2017 2:30 PM
147	The town's people would not benefit from the sale of this property and the only ethical and moral thing to do would be to incorporate it into a natural space adjacent to the Underwood Park. Leave it feral and allow it to be as nature intended.	1/12/2017 2:29 PM

13	A few spots perhaps but it seems a shame to use that beautiful property for parking spaces that would only be used for a few months out of the year.	1/24/2017 7:20 PM
14	Yes, to meet increased needs, but please limit footprint.	1/24/2017 6:59 PM
15	that might be important sometime in the future	1/24/2017 4:35 PM
16	This was raised as a prospect a few years ago and an extensive study was conducted to determine the need, and it was determined that the need was not there. Based on my experience living in this neighborhood, the need has not changed. The only thing that would drive a greater need would be an expansion of the anchorage, to which I would be equally opposed.	1/24/2017 2:10 PM

25	A dedicated parking area is really needed. We have had a mooring for 20 years at Town Landing and being out-of-towners, it gets crazier and crazier to find parking. It has gotten much worse over the past 4 years or so. When Mariner Lane became parallel parking only, and parking was eliminated further down that road, it became incredibly frustrating. We pay \$260 yearly for having our mooring in the harbor, and the only officially-designated parking spots for non-residents in the lot across from the market are rarely available. We feel more and more unwelcome.	1/20/2017 2:01 PM

36	I am not for parking there, but if the need arises in the future, I would be open to discussion. When the property was first purchased, there was a thought about making a "soft parking area" for the few summer weekends when it is necessary.	1/17/2017 7:28 AM

44	There does not seem to be a need for additional parking. The spots in the current parking lot at Underwood Park are rarely taken.	1/16/2017 11:31 AM
45	There are several parking spots along the rays as well as a few spaces in Underwood Park. Perhaps Underwood park area could add a space or so - and then a few spaces at #206. Not a lot but a few spaces. At this point I'm thinking #206 should not simply become overflow parking for Town Landing Beach / Ramp - but maybe that's a conversation as well.	1/16/2017 7:56 AM
46	If it does not interfere with ongoing traffic, I wouldn't object.	1/16/2017 7:43 AM
47	I understand that the neighbors do not feel a need for more parking- understandable since they do not have to park. Town landing is crowded, it is hard to park on summer days, and there exists a very limited number of trailer spots up above. Frustrating as a tax payer to have to go to Portland to launch and pay there as well.	1/15/2017 4:49 PM

101	I see it as a space for day use boaters who put their boats in then have to park somewhere, maybe with a trailer, while they spend the day on the water. I don't think overnight parking is appropriate because someone going for a weekend or longer trip can take the time to take their car and trailer home. I think it would be very important to know how many day use boaters need this space before deciding on numbers of spaces. This could easily be done on a trial basis for a year or two before assigning a number of spaces needed.	1/13/2017 8:24 AM

34	This survey seems to be skewed toward an assumption that extra parking at 260 Foreside adds to the existing Town Landing parking. My preference is for new parking in this area to support the use of an expanded park. For example, if a full-sized soccer field could be installed, more parking would be needed for players. Similarly, a gazebo would suggest parking for event attendees.	1/16/2017 1:27 PM

1	This would be better than using the new property for parking.	2/5/2017 9:49 PM
2	I see no need to add parking What is there is not much used	2/2/2017 4:23 PM
3	Doesn't seem to be a problem most of the time-- so save the money it would cost to reconfigure	1/29/2017 6:34 AM
4	If we get additional parking at 260, then we can do with less parking at the park.	1/26/2017 8:56 PM
5	As in Q3 and Q4, two to four additional spaces might be created with improvement of vehicular circulation at Underwood park only.	1/25/2017 2:59 PM

12	I can't get it to print larger so I can read it. I would like to see part of the land be used to enlarge the park and have some swings f/ young children. Some could be sold f/ a nice house lot which would be some income f/ the town w/ real estate taxes. E. Anita Noyes	1/17/2017 8:26 PM

15	I've never had any problem with the parking at Underwood Park. I don't think we need to spend any money for changes. No improvement is needed.	1/17/2017 6:33 PM
16	It's been many years that any attention has been paid to the Underwood parking area. It could be reformatted so that cars can easily enter and exit. It is now designed for 4 cars. A few more spaces would be ok.	1/17/2017 1:15 PM

22	Let a developer present creative options.	1/15/2017 11:06 AM
23	I don't see anything special about the current parking arrangement at Underwood Park. If it's a parking area, configure it for maximum usage.	1/15/2017 8:59 AM
24	Not if it eliminates parking spaces.	1/14/2017 6:58 PM
25	Would be good to convert for better drop off and pick up for park users but not parking assuming the other lot gains additional parking. If no parking in other lot then yes you should create better parking situation there	1/14/2017 5:36 PM
26	Fine the way it is	1/14/2017 3:13 PM
27	There is no need. This is a non-issue.	1/14/2017 1:37 PM
28	If additional parking resulted from a reconfiguration I would prefer for it to be here, at the edge of the park to preserve as much of the natural space as possible	1/14/2017 9:15 AM
29	Yes but only to maximize the Park use and the Parking.	1/13/2017 10:58 AM

32	The circle is too tight for those with big vehicles.	1/13/2017 12:49 AM
33	There is rarely a parking problem but if it becomes a park, then yes, reconfiguring will be a good idea	1/12/2017 10:39 PM
34	I favor "angled in" parking along the 88 frontage only, eliminating the existing circle.	1/12/2017 10:09 PM
35	This question is confusing. If you need to reconfigure parking at the site do so to make more efficiency in parking and traffic. But please make more parking	1/12/2017 9:50 PM
36	The last thing we need in the area is more parking, how about a sidewalk first, or a park.	1/12/2017 6:40 PM
37	Current parking layout is poor.	1/12/2017 4:44 PM
38	Yes, the current configuration is not vehicle friendly. Most park users walk!!!	1/12/2017 2:37 PM

1	This would be nice, especially if we retain 260.	1/26/2017 8:56 PM
2	Absolutely not. Retain the little neighborhood park feel.	1/25/2017 2:59 PM
3	would allow greater us of park for families	1/24/2017 12:12 PM
4	Prefer the idea of a gazebo since it would provide shelter in the event of rain.	1/24/2017 11:06 AM
5	Would want to see what that might look like.	1/23/2017 6:23 PM
6	A Gazebo would be wonderful ALONG with a Fountain	1/23/2017 3:36 PM
7	I am not an area resident. Abutters should weigh in on this. But also, abutters should also recognize that parking at 260 Foreside Road is also absolutely necessary.	1/20/2017 2:01 PM
8	Who would use a gazebo? More to maintain.	1/20/2017 11:46 AM
9	if you have to build something- it should be this	1/20/2017 11:05 AM

15	Some people that live there may not want to hear every thing that goes on there and yet we build one and then as another one .. no one care for it and then it will be something else that needs to be fixed .. look at what was done to the little park behind Walmart..And then someone else comes along and wants something else built like another Ice Rink!	1/17/2017 3:16 PM
16	Absolutely not. This is a neighborhood park, not a destination park.	1/17/2017 1:15 PM
17	I don't think a gazebo is needed, if you want to do small events, have someone do tents.	1/17/2017 9:17 AM
18	Not essential at this time	1/16/2017 9:27 PM
19	Possibly in Park	1/16/2017 7:32 PM
20	Sure it sounds nice	1/16/2017 5:44 PM
21	Sounds like fun if it can be kept low key and family centered	1/16/2017 11:58 AM
22	DEFINITELY NOT	1/16/2017 7:57 AM
23	If you do that you need more parking - have you seen Halloween at Underwood - Parking decisions seem to be what drives how the park is used so the really questions is, it seems to me - if the town keeps #206 what is it's purpose?	1/16/2017 7:56 AM

29	A gazebo would be a nice place for kids and adults to hang out. A gathering spot.	1/14/2017 5:43 PM
30	Yes! And more playground equipment. The playground is totally lame.	1/14/2017 5:07 PM
31	Yes - absolutely yes. Yarmouth and Cumberland are COMMUNITIES because there are places for people to gather. Falmouth is a town (a bedroom community for Portland, at best) because we are isolated without sidewalks, a park, a place to gather.	1/14/2017 4:43 PM
32	This would be a wonderful addition to the Park. It could be such a beautiful gathering place.	1/14/2017 3:36 PM
33	Sure! Not a deal breaker, though...	1/14/2017 3:02 PM
34	This would be wonderful and a reasonable investment level.	1/14/2017 2:30 PM
35	Absolutely. This would bring the community closer together and provide a place for activities.	1/14/2017 1:37 PM
36	We have this type of thing elsewhere in town, not needed.	1/14/2017 12:59 PM
37	Isn't there already a gazebo near Falmouth Ice?	1/14/2017 12:49 PM
38	I guess it would depend on the installation and related costs, as well as the planned use	1/14/2017 9:15 AM
39	Does the one by the ice arena ge used?	1/13/2017 2:50 PM
40	That would be a lovely place for a gazebo. Much better than behind WalMart.	1/13/2017 12:40 PM
41	That would be great!	1/13/2017 12:28 PM
42	Not at the expense of a play space for sports/older kids to be in	1/13/2017 11:39 AM
43	WE NEED A POOL!!!!!!!!!!!!!! NO MORE LIBRARY SPENDING. ADDRESS THE INTERESTS AND NEEDS OF EVERYONE NOT JUST THE ELDERLY	1/13/2017 11:14 AM
44	Wonderful idea, and maybe a center for town parades, i.e. Memorial Day parade, concerts	1/13/2017 10:29 AM
45	A gazebo or picnic shelter would be perfect. Would be good if it did not break up the existing ldrgr field to keep open	1/13/2017 8:25 AM

1	Expand the woodchip area, install monkey bars and swing set. This area is fortunate to attract young families who will enhance the vitality of this community - Falmouth should support that demographic by providing facilities for children, parents, grandparents, and other caregivers.	2/5/2017 9:49 PM
2	Swing sets, jungle gym, climbing wall	2/5/2017 9:22 PM
3	More options.	2/4/2017 9:47 PM

6	Updated	2/2/2017 4:23 PM
7	Tennis courts, basketball hoop, small child play equipment	2/2/2017 10:44 AM
8	More equipment & Multi-age equipment	1/30/2017 5:02 PM
9	Diversify play equipment for other activities: swing set, trampoline.	1/30/2017 11:37 AM
10	A playground that is more fun for older children, swings, benches situated near the plates for parents	1/30/2017 10:05 AM
11	Should be bigger and have more variety.	1/29/2017 11:03 AM
12	Upgrade the structure, swings should definitely be included but slides and climbing areas	1/26/2017 6:12 PM
13	Please see above also	1/26/2017 4:14 PM
14	Preferably no. The park has a little kids feel that I think should be retained.	1/25/2017 2:59 PM

21	Not the play equipment but move the benches so that parents can watch their children on the play equipment.	1/20/2017 8:22 PM
22	New playground and swings. No other public structures like that exist on that side of town :(1/20/2017 1:35 PM
23	Swings	1/20/2017 12:22 PM
24	Yes, but i'm not sure what kind of use it gets. Big spiderweb thing like yarmouth has.	1/20/2017 11:46 AM
25	Add swings, and a splash pad/wading pool, picnic tables	1/20/2017 11:01 AM
26	Maybe add more equipment	1/19/2017 11:00 AM
27	More play equipment for small toddlers. There aren't even any toddler friendly swings there, let along any crawl spaces or things like that.	1/18/2017 2:30 PM
28	Maybe they could move "kids world" from the old elementary school there	1/18/2017 8:39 AM

31	some improvements would be nice	1/17/2017 2:37 PM
32	basketball court	1/17/2017 2:36 PM
33	None of the above. I think the current setup is satisfactory. I'm not strictly against more play equipment but I believe that others like swings need upkeep and may cause liability.	1/17/2017 1:15 PM
34	It's fine	1/17/2017 11:53 AM
35	Slight Expansion of playground	1/17/2017 11:36 AM
36	Swings are definitely needed!	1/17/2017 9:17 AM
37	Tennis court	1/16/2017 8:41 PM
38	I think the town landing people might like it but only if parking is expanded. That way people from West Falmouth can use the play ground.	1/16/2017 5:44 PM
39	Yes PLEASE. A swing set would be appreciated.	1/16/2017 4:48 PM
40	I would defer to those with children who are actively using the facility.	1/16/2017 1:27 PM
41	The play equipment appears to be in good shape. More recreational facilities, like a tennis/basketball court would be appreciated.	1/16/2017 12:07 PM
42	Whatever is required for safety	1/16/2017 11:58 AM
43	The park should include a play structure with swings (including at least one baby swing). An additional climbing play structure designed for younger children would also be a good addition to the park.	1/16/2017 11:31 AM
44	Create a skatepark next to the playground for the older kids to have a space to do outside activities	1/16/2017 10:25 AM
45	Good discussion	1/16/2017 7:56 AM
46	Add swings to the playground area and a trash can	1/16/2017 6:51 AM
47	The equipment there is fine; add more recreational facilities.	1/15/2017 9:08 PM
48	Bike park	1/15/2017 7:43 PM

57	swings	1/14/2017 9:38 PM
58	Swing set, splash pad, expanded playset	1/14/2017 8:59 PM
59	A much bigger playground with more equipment, swings and climbing wall.	1/14/2017 8:43 PM
60	update play structure, possible bathroom, fountain for drinking water, picnic tables	1/14/2017 8:30 PM
61	If it warrants.	1/14/2017 6:58 PM
62	The removal of the previous play equipment was a mistake. Swings and slides!	1/14/2017 5:43 PM
63	Yes, bigger and for a variety of age groups. Perhaps 2-3 structures including swings and jungle gym equipment. Good to have "stations". Good equipment manufacturer is Kompan. We used them for a playground we installed in NH. Very enviro friendly.	1/14/2017 5:36 PM
64	See above. Swings. Climbing structure. Splash pad. Obstacle course.	1/14/2017 5:07 PM
65	It could have more playground equipment.	1/14/2017 4:52 PM
66	The current structure is for infants and toddlers. Promote health and community by expanding the age appropriateness of the structure to include older kids.	1/14/2017 4:43 PM
67	A bigger playground would be wonderful and with the fence around it. It's a little bit scary to have it not fenced with people driving so fast on 88. Some more benches and maybe some workout stations would be nice too. And I can see Bill is an absolute must. Think about the opportunity for concerts or town gatherings there.	1/14/2017 3:36 PM
68	add additional space and high quality playground equipment	1/14/2017 3:13 PM
69	Swings would be great and something a little bit bigger for bigger kids	1/14/2017 3:13 PM
70	Please please please add a swing set (4 person). Maybe a rock wall (input from 9 year old). The playset that there is fine; it's just small and for younger kids only.	1/14/2017 3:02 PM
71	The playground is just incredibly boring for any kid over the age of about two. It would be nice to have something that was appropriate at least for kids in elementary school.	1/14/2017 2:30 PM
72	I have two children ages 4.5 and 2 (and one on the way) and we barely use the park even though we are just a walk away. Something similar to Payson Park in Portland would be ideal (swings, play structure, splash pad).	1/14/2017 1:49 PM
73	See question 2	1/14/2017 1:47 PM
74	A larger play structure and swings	1/14/2017 1:46 PM
75	The so-called "playground" there isn't enough to keep children entertained and is far below the standard of what other towns do. Falmouth could do much better, but chooses not.	1/14/2017 1:37 PM
76	General upgrade, add swings.	1/14/2017 12:59 PM
77	Skate park!! The park would benefit kids as young as 4- teen years. Let's give our kids something to do! A place to go!!	1/14/2017 9:40 AM
78	The existing equipment is fine for really little kids. I'd love for there to be something fun for older kids, teens, and adults. Basketball courts, horseshoe pits, picnic tables. I'd like a variety of things so we can enjoy the outdoors together as a community	1/14/2017 9:15 AM
79	Add swings	1/13/2017 10:06 PM
80	The current setup is great for younger kids (which I appreciate), but it'd be nice to have separate structures for older kids so the area can be used for children of all ages. I wouldn't want the modifications to result in not having a space for younger children.	1/13/2017 12:35 PM
81	More swings and things children would enjoy.	1/13/2017 12:28 PM
82	BUILD A POOL. I RARELY SEE ANYONE THERE	1/13/2017 11:14 AM

87	Swings and a climbing gym (spiderweb) a larger slide for bigger kids	1/13/2017 8:25 AM
88	I have always thought there should be a basketball hoop or two (without lights). A tennis court (without lights) would be fantastic, using the park at Falmouth/Winn Rd. as a model. A place local kids could ride their bikes to for outdoor activity.	1/13/2017 8:24 AM

1	This would be great. Dogs are great but they shouldn't be able to wreck the place for everyone else!	2/5/2017 9:49 PM
2	In my experience, people who don't bring their own bags don't care where their dogs poop.	1/30/2017 9:37 AM

8	yes, people are lazy and won't dispose of properly	1/25/2017 2:19 PM
9	I suggest that this should be the case in all areas where trails are used for walking dogs. I walk my dog there every day and I would be amenable to paying more for my dog license to be designated for the necessary installation and emptying of bins.	1/24/2017 2:10 PM

24	Yes. And if you really want people to clean up - check out the fancy dog waste container at Portland's Quarry dog park on the Falmouth/ Portland line	1/16/2017 7:56 AM
25	I'd ask: do they install them in any other part of town where dogs are constantly walked?	1/16/2017 7:43 AM
26	People who own dogs should pick up after them. Just like people with children! Tax payers should not have to supply the bags	1/15/2017 5:03 PM
27	And at town landing as well. Dog feces on the pier and docks is disgusting. I would feel the same seeing it at Underwood.	1/15/2017 4:49 PM

1	Thank you to the Town Council and members of the committee involved with this issue. It is wonderful to live in a town where the local government solicits public opinion on matters like this. I encourage the town to consider modest enhancements to Underwood Park and use the addition of this adjacent property to offer a community garden, expansion of the playground, and rental space for family gatherings. It is a really special place that matters to a lot of families in this town. It is an enormous selling point to young families that are considering moving to the area and continue to enjoy it as their kids grow up. Providing families a recreation area to enjoy the outdoors together is a wonderful feature of this town. With modest enhancements and through the addition of this adjacent property, this facility could become a more valuable asset for the Town Landing neighborhood.	2/5/2017 9:49 PM
2	This is a one shot opportunity! Can't afford to let this opportunity pass. Disagree with selling it!	2/5/2017 9:22 PM
3	The Town deserves credit for purchasing this lot. Our Town landing is an extremely valuable gem for a town to possess and this is a rare opportunity for the Town to provide access to it for residents who otherwise would not have access. The Town's retaining this land should become increasingly important as the Town's population grows in future years.	2/4/2017 9:47 PM
4	Just please consider how rare this kind of accessible open space is -in this neighborhood.	2/2/2017 4:24 PM
5	In a built up area, there should be open space where all ages can gather. Park benches for older folks, picnic tables so some can have lunch, basketball hoop and tennis court so young people who don't drive can walk to or bike to the site.	2/2/2017 10:44 AM
6	I think many are hoping the Yarmouth (Wildwood area) development of beach/boat access will alleviate congestion for the Town Landing area.	1/30/2017 5:02 PM
7	A tennis court would be amazing!	1/30/2017 10:05 AM
8	Would love to see all existing trees between 260 and Underwood remain standing if there is enough space to install tennis courts.	1/30/2017 9:37 AM
9	There could be a playing field for elementary age kids. And a map to the trails. or there could be a workout park (stations to do specific aerobic movements). Save the apple tree if you can.	1/26/2017 6:12 PM
10	No, but thanks for asking.	1/26/2017 4:14 PM
11	There are so many children and the park should be enlarged for the enjoyment of children for generations to come. There is no other park space on or near falmouth foreside. Please consider the enjoyment this brings to children and families, and to the value of a place where community members can connect. Open green space has lasting value for people of all ages. Once you develop it for a few thousand tax dollars, it's gone forever. Thank you.	1/26/2017 6:37 AM
12	Get 260 Foreside on the tax rolls. Retain the Park's little kid's feel and maintain the grounds. Keep it simple. It's a wonderful asset.	1/25/2017 2:59 PM
13	As stated above in the comment section: A community garden. We could donate a row to the Falmouth food pantry, build community and grow locally-- a win win! Please see our survey results below that we did via the NextDoor website that is for our Town Landing Neighborhood: (37 people responded to the survey): Are you interested in a community garden? I am interested and would like to add my name to a letter to the town council 59% responded yes I am interested in a community garden 32% responded yes I am not interested in a community garden 8% responded no, not interested.	1/24/2017 7:20 PM
14	Please use part of the parcel as a community garden! It would help build a sense of community for this part of town. Produce could be donated to the Falmouth Food Pantry.	1/24/2017 6:59 PM
15	Open space should be the first priority. Let it lay.	1/24/2017 6:01 PM
16	Totally against a parking lot.	1/24/2017 4:38 PM
17	As infill development occurs on Rte 88 as a result of the zoning changes, pocket parks like Underwood are even more important to quality of life and should not be spoiled. Parking would not be a problem at Town Landing if parking from out of towners and more importantly, out of staters was regulated.	1/24/2017 2:50 PM

18	I strongly believe that if additional parking is deemed to be needed, that this be backed up by a study, not just a survey.	1/24/2017 2:10 PM
19	additional parking is greatly needed in the area for the benefit of all. As a out of townner I find it very difficult to find parking when using the water front, which I pay a premium for to have my mooring and dockage to the town.	1/24/2017 12:12 PM
20	A few benches?	1/24/2017 11:06 AM
21	If parking spaces are approved, I believe that solution would mostly benefit the Portland Yacht Club. I fear they would view this as an easy and possibly expandable solution to their ongoing parking issues as they have yet to remedy their over-parking situation on the pond adjacent to their parking lot, and should have some more difficult, longer-term conversations about how to manage usage.	1/24/2017 11:03 AM
22	Fountain, Gazebo, table and benches for games and picnics and a quiet area for reading and meditation, concerts, children reading groups, etc, etc, etc.	1/23/2017 3:36 PM
23	Empty space is great.	1/22/2017 10:16 PM
24	I was born and raised in Falmouth and my children were born and raised in Falmouth (They are now in High School) We have all had the privilege of using this space. As a town we Have to preserve the integrity of this space and the history behind it. I remember the woman who lived at 260 Foreside Rd. and her walking her dog. We need to keep this space open as a recreational area. We need to preserve the park and extend playground. There should not be additional parking. Sitting cars will not enjoy the use of the space but the families of falmouth will.	1/22/2017 4:14 PM
25	See above, some people in the neighborhood have suggested community garden plots. Our household would eventually be interested (though not now due to our small baby). Many communities do something like this, so it seems like there would be available data out there to project usage/impact/success factors.	1/22/2017 10:39 AM
26	Leave it alone.	1/21/2017 4:15 PM
27	Picnic tables for families to have a meal. Also, a couple of benches for seating.	1/21/2017 11:29 AM
28	Keep it simple.	1/20/2017 8:52 PM
29	Return to property to the private sector	1/20/2017 8:28 PM
30	In general we are very grateful for the facilities at Town Landing and we are happy to pay our non-resident mooring fee. However the parking situation really needs to be resolved, for the benefit of area residents who surely are irritated by the influx of cars during the summer, and for the benefit of us area non-residents who have to fight each other for parking. For one thing, put up a metal barrier on the side of Mariner Road to protect the wooden fence, and allow diagonal parking. At least that will give us a few more parking spaces. Also, consider working with Holy Martyrs church to see if they would consider leasing out a portion of their lot for boaters.	1/20/2017 2:01 PM
31	Please don't develop this land with more business. Falmouth needs more traditional community spaces where young families can gather and allow for outside play and exercise. Nothing like that exists on this side of town and the major one our town has at the school is off limits during school hours and inaccessible to younger families. Please consider this space as something sacred and not just as income - there won't be many more opportunities for this in this area of Falmouth.	1/20/2017 1:35 PM
32	Underwood Park feels sad. It could use some love.	1/20/2017 12:22 PM
33	More parking .	1/20/2017 11:46 AM
34	I am especially interested in the parking issues concerning the Town Landing. If this expansion can help address those needs, I am very much in favor expanding the parking options. If there are other options to expand parking elsewhere close to Town Landing, I would hope the Town would explore those options as well.	1/19/2017 10:15 PM
35	Parking, parking, parking	1/19/2017 3:20 PM
36	When the land was first purchased we were told that it was for overflow Town Landing parking. It seems some people would like to change that. It doesn't seem quite fair.	1/19/2017 2:57 PM
37	we have been waiting for 40+ years for the town landing parking needs to be addressed. Now we have the land but nobody will act - each generation passes the buck and cant make a positive impact decision. My mother and father waited. My husband and I have waited. Now our children are waiting. It is time to ACT - make more parking for town landing! Wasnt the land purchased to do just that originally....	1/17/2017 8:16 PM

40	Not every parcel of land needs to be built upon or tarred over. It is far more important that we take care of what we already have and keep what we have up to date and looking at its best. Keep that piece of land for still the further future from now	1/17/2017 3:16 PM
41	Swimming Pool Community Center	1/17/2017 1:40 PM
42	The town should never have purchased 260 Foreside Rd. due to the fact that Falmouth already had a good sized neighborhood park and a parking lot is not needed or wanted in that location. Town Landing's 'seasonal' parking problem at Town Landing will not be solved by 260 Foreside Rd.	1/17/2017 1:15 PM
43	The changes on route 1 have driven lots of traffic to 88 to the point it is dangerous to walk or bike. Why create more traffic by attracting more cars. No one walks on route 1 and now 88 is much less attractive for walking and biking. Great job!	1/17/2017 11:53 AM
44	The town could use the property tax \$\$ by selling the property to a potential owner or developer.	1/17/2017 9:48 AM
45	I understand the town might want to do something about parking, but not there... put parking up on Rt1!	1/17/2017 9:17 AM
46	Town pool or community center?	1/17/2017 7:33 AM
47	Please do not sell the property in a sweetheart inside deal to any local realtors or developers. Also we need to invest in something other than libraries, old folks homes and fancy light posts.	1/16/2017 8:00 PM
48	Nothing further	1/16/2017 7:32 PM
49	It is sometimes difficult getting a parking space at Town Landing. It is difficult when you are a resident and you drive down to the landing and see out of State Plates or no town stickers. A number of people from away just view the ticket as the price to park for the day or weekend. It just seems wrong. That is why I feel, that expanding parking on Foreside Road in the park would help.	1/16/2017 5:44 PM
50	Some additional lighting around the new park equipment.	1/16/2017 4:48 PM
51	sell it	1/16/2017 3:56 PM
52	Just because we have a piece of land in our hands is a dam poor reason to rush to get rid of it. It is very difficult to acquire a piece of land for Town use in that area. The Town should hold title to it until a compelling reason shows up some years from now. Try to get Waite's Landing back on the Town roll if you need an example.	1/16/2017 3:32 PM
53	Install seasonal speed bumps on Town Landing since that is a huge dangerous issue.	1/16/2017 2:10 PM
54	Generally the town restricts parking at PYC, for some reason. Parking is limited to a single member car at any time, which makes access difficult at times, especially with guests arriving from different directions. Picking up from the shopping center lots is not unheard of, and is inconvenient. PYC endeavors to provide access to sailboat racing including to non members. This supports Falmouth and the general area, so an improved parking situation should be reached, which would benefit both PYC and Handy Boat water front activities.	1/16/2017 1:42 PM
55	When this property was acquired it was understood it would be sold when the real estate market improved. There was no consideration of parking!	1/16/2017 1:32 PM
56	Absolutely do not sell it for more housing development in Falmouth. Not a good idea.	1/16/2017 12:55 PM
57	I would much prefer to see this parcel split into small, affordable plots to be sold off and have the local park used as a walkable community space (instead of all the new homes having yards). Falmouth needs more affordable housing and an infill approach to residential space instead of continuing to sprawl out, with everyone keeping to themselves.	1/16/2017 12:48 PM
58	Stop spending money	1/16/2017 12:45 PM
59	Please save the entire parcel for future generations!!!! You don't have to do a darn thing now. Just keep it. Devise a master plan with more playground equipment, parking, a gazebo for music events, etc. Please retain the entire parcel. Once its gone, its gone!	1/16/2017 12:01 PM
60	Kids/people need natural spaces. If parking developed keep it grass, keep it safe for kids. Or develop no parking and just put up the gazebo for family fun. We could benefit from unplugging and getting outside.	1/16/2017 11:58 AM
61	The Foreside neighborhood does not currently have useful gathering place for kids to play and families to socialize. The Underwood park is under-utilized because it lacks appropriate equipment. It could be greatly improved with the incorporation of the extra lot and the addition of new play structures. Swings would be particularly good, as would another climbing playground structure. A picnic table would also be a good addition. A more usable and robust playground area will encourage families to use the park on a regular basis.	1/16/2017 11:31 AM
62	embedded above - plus below DO NOT SELL PROPERTY Decide on purpose: community garden walking trails dog walking with bags and deposal system (see above) playground open grassy area for sports / pick up games / practice overflow for Town Landing Beach and ramp performance / event PURPOSES: will help determine parking needs	1/16/2017 7:56 AM

63	Love the idea of a gazebo or platform for small events. I think it would help build a sense of community in the area.	1/16/2017 6:51 AM
64	A town pool. PLEASE do NOT turn this area into parking-leave it as it is if that's the only option, but don't turn it into a parking lot!	1/15/2017 9:08 PM
65	Would like to see a leash law for town landing. The owners do not curb their dogs. Hate to see rangers having to deal with it. We should also figure out a better trash plan. People are using the porta potties as trash bins. Other communities along the coast must grapple with same issues. Perhaps we could learn about their solutions. Nathan Poore should receive a medal, he does a great job!	1/15/2017 4:49 PM
66	Create an enclosed dog run were dogs can play unleashed.	1/15/2017 12:46 PM
67	I strongly feel the Town would be better served by a Private / Public relationship for the development of this High Value piece of real-estate. I also suggest this be sold by a RFP process to maximize creativity that would best blend in with the surrounding area.	1/15/2017 11:06 AM
68	The property at 260 Foreside Road used to be a single house. This is an appropriate use for the property today, given the history of the property and the neighborhood. I think the town should sell it for development of a single-family house. This would be a premium-lot that would fetch the town good money, and establish another taxable property. The town should sell the front part of the property only (the "open" part) and retain the back wooded area, merging it with Underwood Park for conversation/recreation purposes (trails). This divests the town of a property it does not have a direct use for, infuses funds to the town, establishes a larger tax base and preserves more land, all without changing the historic, intended use of the property. Underwood Park doesn't need much improvement except for the small parking area, which could be cleaned up (rotting wooden parking barriers, uneven surface and maybe a few more spots). The play equipment and current field are attractive and well-located for the neighborhood. Please don't over-think this! The Town has a lot of wonderful open spaces/preserves, as well as parks, and it should continue to seek more as appropriate. This piece of land located on a very important road, however, should be residential, just like it was for decades. Thank you.	1/15/2017 8:59 AM
69	This area of town is densely populated. Expanding the park is a good idea. Reconfigure the parking lot, add a few more spaces, a gazebo for getting out of sun/rain and a dog waste dispenser. This will be used by residents and visitors. It's time to put this property to use....10 years is too long for a property to sit. It's already off the tax rolls and has been acquired and paid for by the town. The town recently gave up some open space to Oceanview for their apartment expansion--balance it out with open space in this portion of town.	1/15/2017 7:35 AM
70	Baseball diamond in the rear of the park and a skating area in the winter.	1/14/2017 10:15 PM
71	Is it possible for locals to "rent" some of their driveway space? Have seen this many times when a large own function (4th of July comes to mind) occurs and some people have strategically placed driveways and make a little side cash. For me, ideally, maintaining green space keeps Rt. 88 quaint and welcoming.	1/14/2017 9:40 PM
72	Keep it dog friendly please	1/14/2017 9:24 PM
73	Maybe some playing fields.	1/14/2017 8:43 PM
74	Scrap the parking lot idea!	1/14/2017 7:42 PM
75	The park should be designed to improve the play equipment, retain the field for informal sports, slightly increase parking (at least the access) and possibly add a gazebo (with seating around the edge) and a couple of picnic tables (which could be located in the orchard area on 260). Am I correct that there are a couple of fruit trees on 260? It can be a wonderful gathering place for young families, neighborhood kids and informal sports. Do not make it a parking lot for Town Landing.	1/14/2017 5:43 PM
76	I'd be happy to sit on a planning board for this property.	1/14/2017 5:36 PM
77	Community garden. Dog park.	1/14/2017 5:07 PM
78	I strongly believe Underwood Park, and the adjacent property, if utilized properly, could elevate Falmouth to the degree in which our neighboring towns are "communities." If I can't meet my neighbors, I can't care for them. Please give us a place to gather, to get to know each other, to promote outdoor recreation to our children. Give us sidewalks on Foreside Road so we can exercise SAFELY. Give us sidewalks so we can know our neighbors and join together as a community.	1/14/2017 4:43 PM
79	We love this park and use it all the time! Please install a trash can and poop bags for people to use. Please don't create parking... I love the idea of using this space for passive recreation. Adding a couple more benches would be great. Would look nice w a small fence along fireside road.	1/14/2017 3:13 PM
80	More trees on the existing lot. "More calming"(again, the 9-year old!)	1/14/2017 3:02 PM

260 Foreside Road Survey

81	We should absolutely retain this parcel. I understand folks not wanting to spend a ton of money on it, but I think it could be integrated into underwood park at a very low cost -- some clearing and landscaping could do it. There's also been talk in the neighborhood of setting up a community garden since many homes have very small parcels. I think this could be a great (and inexpensive) project that would showcase Falmouth as a progressive and sustainable community.	1/14/2017 2:30 PM
82	Please don't sell	1/14/2017 2:05 PM
83	Perhaps a seasonal ice rink	1/14/2017 1:49 PM
84	This survey is poorly constructed—8 of the 11 questions are devoted to parking, which is a non-issue. If parking demand were really that high, the church would simply charge \$10 for overflow parking in its private parking lot. They don't do this because, in reality, the demand for parking isn't that high. Devoting more land to community-focused public space is a no brainer. Public green space improves well-being, strengthens community bonds, and gives activities for kids to have fun. Why aren't kids being given a priority in this survey? Why aren't family activities being prioritized? Why is a non-existent parking issue being given top priority in this survey? My feeling is that the town should get its priorities in order. If there truly is a parking problem (and I haven't seen evidence that there is), then it implies that the price of moorings is too low for non-residents. The town should significantly increase the price for non-resident moorings and use that money to improve our public spaces, which are woefully under-funded. The so-called "playground" in Underwood Park may very well be the most unimpressive play space in the region. The town can do better and prioritizing parking is a step in the wrong direction.	1/14/2017 1:37 PM
85	Plans should consider maintenance of the apple tree out front, possibly for apples to go to Food Pantry. Incorporate 260 F'side with Underwood so it feels all one piece. Add some benches, add a walking path/route through or around park (bark chips) that is relatively accessible. (Consider ADA accessible) Can town get a trail easement through next door property to end of Kilborn or Bartlett to create a circular walking route from Johnson, to Rt 88, through park, to Bartlett back to Johnson.	1/14/2017 12:59 PM
86	Prune/shape the apple trees: they have good, but undersized fruit. For food pantry?	1/14/2017 12:06 PM
87	I.m sorry that the town did not approve raising the south end of the landing to allow parking at high tides--also sorry that I didn't attend that meeting.	1/14/2017 9:41 AM
88	As a boat owner and member of Handyboat, resident of N Yarmouth, we've been discussing how and where to create a skate/scooter/bike park for our children. A place they can bike to, meet friends, hang out in an active healthy environment!	1/14/2017 9:40 AM
89	As someone who actually went to school at Underwood School, I really enjoy having the open space available for families in the community. Most people don't even know there was a school! Please maintain this area as an outdoor gathering space for picnics, play time (keeping open grass for soccer, Frisbee, etc), maybe some basketball courts (they can also be used for four square and other games), maybe a horseshoe pit area (do people still play horseshoes?!). We are SO BLESSED to have nature readily available to us. There's enough tar over at the shopping center. Let's not add more.	1/14/2017 9:15 AM
90	Growing up at Underwood park was such a privelege, let's extend that to the next generation and make the park even better.	1/13/2017 11:16 PM

93	Pool	1/13/2017 2:50 PM
94	Keep it as a town asset	1/13/2017 1:29 PM
95	I like the gazebo idea. For events at the gazebo, the town would have to allow parking on 88.	1/13/2017 12:40 PM
96	Please prioritize creating a public space for our children over parking for cars.	1/13/2017 11:39 AM
97	public parking - self service fee - it would allow us to raise money and stop NON residents from parking down at town landing	1/13/2017 11:20 AM
98	The amount of taxes and the level of interest should in itself justify building a community pool. Nothing elaborate. Design it so it can make money.	1/13/2017 11:14 AM
99	this could be such a great space for the community! Lets have a family gathering area, a gazebo and an area for bigger kids: basketball hoops, bigger play structure with swings!	1/13/2017 10:37 AM
100	I do think it's nice to have a playground for the youngest, but if we can attract all ages, by including teens as a place to go, and even older people by having entertainment space at a gazebo, that would be wonderful. More of a sense of community, all inclusive. We'd support even a small one-hoop basketball court, as it gives teens something to keep them busy rather than on the streets.	1/13/2017 10:36 AM

260 Foreside Road Survey

101	I love the idea of a more centralized park for neighbors in the Foreside area. Tennis court would be amazing. Picnic area for family outings, basketball court does not have interest to me but area teenagers would like this. A good place for our children to congregate. We seem to always find room for baseball fields (used on a limited basis and for nothing but baseball) Lets dedicate space for others. Parking spaces may need to correspond with use (maybe more than the aforementioned 10	1/13/2017 10:29 AM
102	We LOVE having Underwood Park nearby and expanding it will only make it better. Our son (12) uses it a lot with his friends to play sports or games. Our neighborhood would not be the same without it. Gazebo is a fantastic idea. Thank you for asking!	1/13/2017 10:02 AM
103	safe walk trail and road to drop boats back and forth for residents only. town park pass required. 5-10.00/yr residents only	1/13/2017 9:02 AM
104	A pool	1/13/2017 8:44 AM
105	Would be great to have benches closer to the play area for parents in and out of shade. Current bench configuration is not a good fit. A bike rack would also be useful. Fixing/enhancing the fence and gate would be great. This is a great use of green space and is truly an asset to the foreside community. This can be a great meeting place for the town landing/foreside community. I strongly feel that additional parking there will only detract from its use and aesthetic. Most people utilizing the park walk or ride bikes. Cars/trucks parking there would be to use the already too busy town landing (Falmouth and non/Falmouth residents). As the size of our community grows I think it is important to not overuse our town landing which is already struggling with pollution and traffic issues.	1/13/2017 8:25 AM
106	If the park were developed a little bit as described above, I would request a buffer of vegetation be established at the road. One final idea, which this 3 acres could easily support is a community garden space for Falmouth residents who don't have their own property. The space at Maine Audubon usually has a long waiting list so the need is definitely present. Overall my goals for the property are to enhance neighborly community, increase availability for young people including teens, to walk and bike independently to a play space in their neighborhood, provide increased access to our only public waterfront, and decrease automobile traffic during boating season for the people who would otherwise need to drive home to a different part of town (and ride back from) in order to park trailer.	1/13/2017 8:24 AM
107	Stop considering what may be "desirable" for a small number of citizens (and many out-of-towners). your own citizens can no longer afford these constant "improvements". Our taxes have increased 8-fold in 20 years, while our property value has only about doubled in the same time period.	1/13/2017 7:51 AM
108	Parking is not that much of a problem and there is already too much traffic in the neighborhood. Open spaces in locations such as this do not become available open, please proceed with caution.	1/13/2017 7:44 AM
109	Thank you for the opportunity to weigh -in on these questions. Great tool for a truly democratic process!	1/13/2017 7:25 AM

111	More walking paths connected to existing walking paths, cross country skiing paths, snowshoeing trails, separate mountain biking circuit	1/13/2017 1:54 AM
112	A futsal court and basketball court would be great. No parking. People can walk there to use the facilities.	1/12/2017 10:47 PM
113	see #10. This area needs a place for young kids to play together, run around, play ball and get away from the screen!!! They need to figure out how to be together w neighbors they don't know and figure out life!	1/12/2017 10:39 PM
114	Do not sell it for private development. If there is not a current need, it can just sit as open space. If it can help with parking on occasion, that is an ok use.	1/12/2017 10:10 PM
115	Remove the wooden fence. Continue high pruning of bushes and put picnic table under the trees. Keep back half as grass. Seed & mow back of Brown property.	1/12/2017 10:09 PM
116	Please don't sell this parcel of land to developers!	1/12/2017 9:50 PM
117	return to tax roles	1/12/2017 9:23 PM
118	Sand volleyball court	1/12/2017 9:16 PM
119	Underwood parking should be overflow for town landing for longer parking time e.g. over 4 hours. Town landing could be limited to shorter duration parking less than 4 hours.	1/12/2017 8:35 PM
120	Green spaces will only increase in public value as the expected build out of the town occurs. Keep this as public property!	1/12/2017 8:19 PM
121	just sell it.	1/12/2017 8:06 PM
122	Thanks for taking input. The landing is a special place and the parking limitation is a problem, without many solutions. The 260 property is the best option to solve a real problem, let's use it.	1/12/2017 6:49 PM

124	A playground is so important in a neighborhood and this one really needs some improvements and certainly a swing set. It's an investment in our future. Thank you!!	1/12/2017 6:04 PM
125	Plant a few apple trees - they used to be there	1/12/2017 5:21 PM
126	We need to preserve our greenspace. Additional parking will be used by non-residents (as with existing parking), and will impact the aesthetics of our neighborhood.	1/12/2017 5:07 PM
127	keep the land public, once private it will be impossible to get it back	1/12/2017 4:43 PM
128	Generally speaking, I think Town of Falmouth does a great job in all aspects of town management.	1/12/2017 4:40 PM
129	It is wise for a town or city to retain public space and to add to the space inventory when the opportunity arises. I live in Westbrook, and a few years ago the City choose to sell the site of the old Pride's Corner to a developer for Condos. Well, here we are a few years later and the City now needs to expand the capacity of the elementary schools....and guess what might have been nice to have....the site of the old Pride's Corner School. Even if the building was beyond salvage, as was the case, and was demolished, having the site would have made it possible to build a new school in this part of town. That opportunity is gone forever. Getting the money now is tempting, but replacing the land down the road can be much more expensive. The lot you have is irreplaceable and deserves to be Town owned.	1/12/2017 4:38 PM
130	From the back of the property, create trailer spaces; next create 10 or more car/truck spaces; then, construct 2 tennis courts (4 pickleball courts). Allow for greenery/shrubs/trees to be planted between tennis courts and Foreside Road.	1/12/2017 4:32 PM
131	Preserve trail access. Improve playground. Gazebo idea is great! This is an important parcel of open space - aside from perhaps some parking, would avoid commercial/residential development.	1/12/2017 4:14 PM
132	Thanks for asking our opinions. A skating rink would be very nice, but expensive and probably not an option. Would use it though.	1/12/2017 4:00 PM
133	maybe shuttle to beach, from 260 in summa months wont ever get this parking chance again	1/12/2017 3:33 PM
134	My 11 year old son would LOVE to see a community basketball court on this space, along with other suggested ideas. It would support letting "kids just play" and handling their own situations for managing the rules of the game, etc. - pick-up basketball would be ideal for this and promote doing physical activity jointly with others! It's also great to shoot around "solo" if others are not there.	1/12/2017 3:17 PM
135	Composting Toilet (similar to new Cumberland Beach public land). Picnic tables. Consider soccer goal posts in the grassy area behind the playground	1/12/2017 3:14 PM
136	This is a center for the town's recreation and tourism. Town Landing is the main "port" but remains unsupported by other facilities, especially parking. An entertainment venue such as gazebo could attract additional business to TLM and the area in general. Parking for ALL (not just Falmouth residents, many of who could walk of catch rides) is of paramount importance, even now limiting the number of moorings, for example, from which income can be generated for the town.	1/12/2017 3:10 PM
137	keep it natural	1/12/2017 3:05 PM
138	I think a cool multipurpose pedestrian park, similar to Pason park or deering oaks would add value to the neighborhood and encourage community interaction	1/12/2017 2:53 PM
139	movies in the park	1/12/2017 2:51 PM
140	Use to space to add bigger playground/swings and more open grass space for sports, picnics, gatherings. Definitely keep the space next to Underwood but make it accessible to the neighborhood. Add some seating/picnic tables and make it a place where kids and parent alike want to go. Host the Falmouth town concerts there- it would get much better turnout. There is so little open community/park space on the Foreside- we need more not less!	1/12/2017 2:51 PM
141	Bike rack/parking	1/12/2017 2:49 PM
142	Yes, better signage and bike/walk trail info	1/12/2017 2:46 PM
143	I do like the idea of part of it being used for a community garden.	1/12/2017 2:45 PM
144	I can think of dozens of other uses for the space BESIDES PARKING. Tennis courts, basketball court, picnic tables, horse shoes, ANYTHING BUT PARKING SPACES.	1/12/2017 2:37 PM
145	Landscaping would really improve the space with new parking, small play area, and gazebo	1/12/2017 2:36 PM
146	Thank you for checking with us residents for our opinion. I am hopeful to be able to visit this side of town more frequently in the summers! :)	1/12/2017 2:30 PM

260 Foreside Road Survey

147	My son, daughter and I would love to have a full size basketball court there. This side of town really needs one. The only other court is on the complete opposite side of town, way over in West Falmouth. A basketball court can be used for other activities besides basketball as well.	1/12/2017 2:30 PM
148	Leave it be! Enjoy the nature- or what is left of it!	1/12/2017 2:29 PM
149	I think Underwood Park provides a great spot for neighbors to meet. Mostly foot traffic through the park for residents of the Foreside. Creating a parking lot/ visual blight on route 88 is not going to enhance the charm and character of the Town Landing Area. Additional parking will not be a convenience to beach goers in the summer, but instead likely end up a collection of trucks and boat trailers.	1/12/2017 2:23 PM
150	encourage trail use from 260 Foreside/Underwood Park. the existing trails on town land (and the connecting trails to the Falmouth Nature Preserve) are a local gem	1/12/2017 2:21 PM
151	Would like to see as many people from as many areas as possible enjoy all of the town's facilities - as long is it doesn't ruin the neighborhoods for the folks living there	1/12/2017 2:20 PM
152	Ideally the land at 260 should be merged with the park, and the whole should be imagined as an asset to the community. This is the most densely populated area in Falmouth, with dozens/hundreds of children within walking distance of this park. However there is minimal play equipment, little safe pedestrian access from nearby streets, no ball courts or playing field. To the outsider, it sends a strong message that the local community does not value kids and safe play spaces for them. There is substantial evidence that children who have access to safe, independently accessible (ie. they don't need their parents to drive them there) play spaces develop into healthy kids, better students with more positive outcomes for later in life. There is a real opportunity here to build this combined park space into a very real asset not just for kids, but families without children also. The installation of a gazebo or similar would attract seasonal events or concerts appealing to older residents. The traffic parking survey the town undertook last year indicated little need for additional parking. I would encourage the town to think long term about this property and land, and recognize that this is likely the last chance Falmouth will have to create a public park in this already dense, and growing, neighborhood. The future is not going to be in providing more facilities for cars, but to facilitate and encourage pedestrians and bikes. This land represents a chance for the town to send a strong message that they believe in the value of the outdoors for kids, in a greener future for our neighborhood, in the value of community. Let's build a space that brings more people together.	1/12/2017 2:19 PM
