

Town of Falmouth Request for Proposals Building Demolition at Tidewater Farm

Addendum #2

November 17, 2020

1. Material Removal:

Addendum #1 stated: All materials are expected to be disposed of off-site in a legal manner. Please state in your proposal what specific exception(s) you seek to this requirement, if any. If you seek any exceptions, please provide separate cost estimates if they (a) are and (b) are not granted by the Town.

Q: Just to confirm, the foundation (fieldstone and concrete) is to be removed from the site, correct? And the chimneys removed as well?

The Town wants the chimneys to be removed from the site. If you want to leave any fieldstone and/or concrete at the site, please specify that and provide Cost Option A for that approach. This is optional. The Town's minimum requirement for all bids is for Cost Option B which includes the removal of ALL material from the site (except those items reserved for the Town as described in the RFP and Addendum 1).

2. Bid List

Q: Any chance you can send me the bid list?
