Instructions to Voters

To rank your candidates, fill in no more than one oval for each candidate or column. If you do not want to rank any candidates, write "Write-in" on the write-in line in the oval for the candidate of your choice. Please write your candidate's name clearly so that it can be read at the polls. Continue until you have ranked as many candidates as you have voted for. If you make a mistake, cross out the error with an X and then fill in the correct oval.
